
examplemodule Documentation

Release 0.1

Code Monkey

April 14, 2010

CONTENTS

1 Indices and tables	3
Module Index	5
Index	7

Contents: Example module to demonstrate minimal setup required to have Sphinx auto-document docstrings.

```
class myClass ()
```

```
    some_function (do_all=True)  
        Go ahead, do it all.
```

```
class anotherClass ()
```

```
    counter ()  
        Adds 1 to the count.
```
